

Real or Fake?

Real

It is likely that the weasel was trying to kill the woodpecker. Moments later, the woodpecker threw the weasel off.

Real

Alligator was photographed on golf course in Florida.

Fake

Photo is entirely staged, with bear added in with Photoshop.

Fake

The tree and piano are real, but the piano was taken apart and reassembled by an artist, then photographed.

Real

This bicycle, in Washington, really did get stuck in a tree that grew around it. Many people think it's been there since WWI, but it got stuck in 1954.

Fake

Mountain is real, but statue was added in with Photoshop.

Fake

This was a flood caused by Hurricane Sandy in Brigantine, New Jersey, but the shark was Photoshopped in.
